Tuesdays	6:30-8p	FREE

Dog Obedience

Instructors: Cindy Holmes and Kim Wood have been helping man's best friend experience socialization with other dogs, people, and distracting activities for many years. Using positive reinforcement your furry friend will learn to sit, get down, stay, come, leave it, take it, wait, eye contact and loose-leash walking. Proof of vaccination is required at the first night's class. Please bring your furry friend on a solid leash (not retractable.) 6 week class.

Location: OV Com Ed, 1765 Ada, Gym

Day-Dates	Time	Price
Mon, Jan 8-Feb12 2018	6-7p	\$67
Mon, Feb 19-Mar 26 2018	6-7p	\$67

Therapy Dog Training

Instructors: Cindy Holmes & Kim Wood
Therapy dogs come in all sizes, ages, and breeds. The most important characteristic of a therapy dog is its temperament. A suitable therapy dog MUST be friendly, patient, confident, gentle, and at ease in unfamiliar situations. They must enjoy human contact and being handled by unfamiliar children and adults. If this sounds like your dog, come join us for this four week class focusing on canine-assisted pet therapy. Our class is designed to prepare you and your dog for this rewarding volunteer opportunity! Dogs need proof of vaccinations, possess basic obedience skills and be comfortable around other dogs. Classes scheduled on a needed basis. Call 231-760-1350

Location: OV Com Ed, 1765 Ada, Gym

Day-Dates	Time	Price
Mondays	7-8p	\$45

Computers for Boomers

Instructor: Marge Nichols

Our computer class is intended for adults to learn some basic software skills using windows 10. We will explore the internet, set up an email account, play with social media and merge information for labels or letters in this class. There will also be an opportunity for you to bring in your own device if you would like help with your device. Class meets twice a week for four weeks. A total of 14 hours of computer fun!

M.A.R.S. (www.team4004.com)

M.A.R.S. is a non-profit educational organization that provides hands-on STEM-based skill building experiences for students in the Muskegon area. Each year students are tasked to build robots that perform challenging activities in sporting event like competitions. Students learn many life skills that can help them in their future careers while others may discover hidden talents that they did not realize they had. For additional information please email Mike Gerstweiler at: Mike1@team4004.com or call Mike at 231-286-4957.

WORD

Microsoft Word makes word processing a breeze on your laptop or PC with many easy-to-use tools. We offer 3 levels of Microsoft Word.

Introduction: In this level we will cover different features of the interface, give a brief overview of all the tabs in the ribbon, and discuss printing & basic text formatting. By the end of the class, users should be comfortable creating, saving, and printing a new document, making it look professional & presentable.

Location: Ov Comm Ed, 1765 Ada, Computer Lab

Day-Dates	Time	Price
2/26 & 2/28	8-12noon	\$167

Intermediate: Major topics include how to manage documents on your computer, working with templates, headers and footers, using the new Navigation Pane & Mail Merge Wizard. Users will feel confident preparing more complex documents. **Call (231) 760-1350 for scheduling**

Advanced: This advanced level is intended to help users who are already proficient with Word become more familiar with adding & manipulating various types of objects to their documents. This class will cover pictures, shapes, text boxes, wordart, smartart, building blocks, quick parts, tables, & charts.

Call (231) 760-1350 for scheduling

EXCEL

Learning how to use Microsoft Excel will make all your work with spreadsheets so much easier.

Level 1—Introduction: Navigating through the various tabs of the Ribbon can be daunting. We will spend time exploring the Excel interface so we can get up to speed quickly to create effective & efficient spreadsheets. We will learn basic concepts including formulas & functions, and several tools to make our job easier.

Location: Ov Comm Ed, 1765 Ada, Computer Lab

Day-Dates	Time	Price
2/12 & 2/14	8-12noon	\$167
3/12 & 3/14	8-12noon	\$167
4/17 & 4/19	1-5pm	\$167

Level 2—Intermediate: Learn a variety of saving techniques within the Excel window, more advanced formulas, functions & auditing tools. We will learn how to use tables & database concepts, as well as showing data using a variety of graphic tools. **Call (231) 760-1350 for scheduling**

WEATHER RELATED CLOSURES — If the Orchard View School District closes due to severe or inclement weather, all activities offered by Orchard View Community Education will also be cancelled. When possible, classes will be rescheduled.
